Presenting Our Products

MASDAC machines are carefully designed to produce cakes and cookies that are delicious, safe, and hygienic.

Sandwich Pancake Machine

Our complete experience allows us to faithfully reproduce both specialized and traditional product on techniques that are ideal for large quantities.

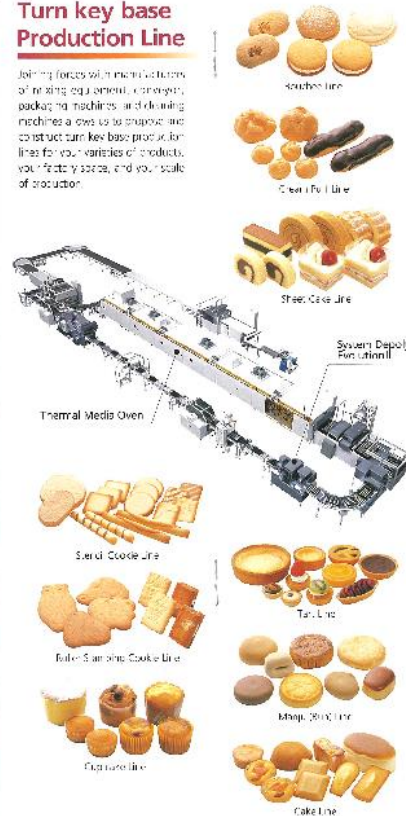

Depositing and Forming Machine

You can select the optimum depositing and forming machine for the type of ingredients, for capacity of your products and the desired type of your product.

Turn key base Production Line

Joining forces with manufacturers of mixing equipment, conveyors, packaging machines and cleaning machines allows us to propose and construct turn key base production lines for your varieties of products, your factory space, and your scale of production.

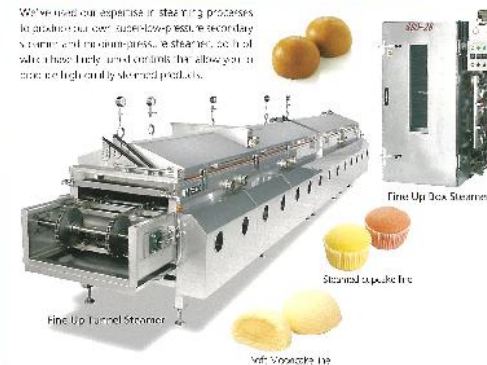

Oven

Use MASDAC ovens to produce completely delicious products.

Steamer

We've used our expertise in steaming processes to produce our own super-low-pressure secondary steamer and main-pressure steamer, both of which are fully used and certified for all your products.
